

Why don't penguins need to fly?

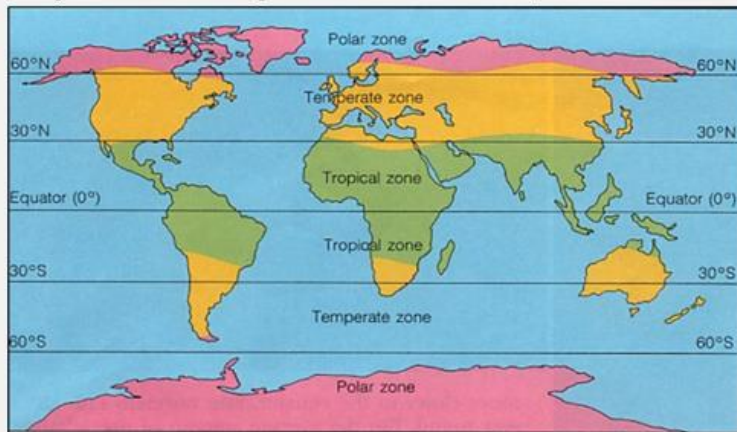

Key objective

Identify and describe the physical features including the weather of polar, tropical and temperate regions of the world.

Important geographical concepts I will understand

| | |
|---------------------|--|
| Physical feature | Natural things that would be present even if there were no people |
| Human feature | Things that have been constructed by people |
| Environment | The particular physical and human features which make places distinctive |
| Continent | One of the seven large masses of land that make up the world |
| Ocean | One of the five large areas of saltwater that cover the Earth's surface |
| Location | The position of something on Earth |
| Northern Hemisphere | The part of the Earth north of the Equator |
| Southern Hemisphere | The part of the Earth south of the Equator |

Important maps I will refer to

Map of the world's climate regions

Important environments I will study

Antarctic ice sheets

Arctic tundra

Tropical areas of Africa

Temperate areas of the United Kingdom

Important Places I will visit

Arctic Ocean and the North Pole

Antarctica and the South Pole

Zambia in Africa
